The Evan Slack Network
In Touch With The West

Weather, agricultural news, grain and livestock markets are the four pillars of the *Evan Slack Network* in four minute reports delivered five times a day, twice in the morning and three times during the noon hour. His on-the-scene coverage has made Evan a familiar face and a trusted radio personality with a huge following.

No other farm network or radio station in the region can even come close to the listenership of

the *Evan Slack Network*, according to the 2005 Ag Media Research Study. With an **AQH rating of 7.0 and 7.8 during the morning and noon hour broadcasts, a 28.5 and 2.64 AQH share** - and an **average CUME of 41.5** - the *Evan Slack Network* beats the rest hands down! Evan Slack carries on the great tradition of good old fashioned farm broadcasting, delivered using all the latest technology!
