

Program Roundup

The *Evan Slack* Network™
In Touch With The West

MORNING

6:20-6:24 AM

Weather - Everyone talks about the weather, Evan does something about it - he makes sure farmers and ranchers in the West know what to expect that day, especially when it comes to precipitation.

Agricultural News - Evan follows up the weather with a round-up of all the latest regional, national and international agricultural headlines.

6:40 - 6:44 AM

Livestock and Grain Markets - Evan takes a look at both the cash and futures trade for cattle, hogs, corn, wheat and other commodities with insight into what the markets did the day before and what the day ahead may bring. Drawing from his personal knowledge and expertise, as well as market analysts, Evan provides the information important to every producer's bottom line.

NOON HOUR

12:20 - 12:29 PM

Livestock, Grain Prices, Current Market News - Evan starts this nine minute report with an update on what the livestock and grain market prices are doing that day and why.

Regional News and Features - Evan also reports on the special interests of Western farmers and ranchers, from the field to Capitol Hill and around the world.

12:40 - 12:44

Farm and Ranch Closing Markets and Interviews - Evan concludes his broadcast day with a look at closing grain and livestock prices just minutes after the end of the trading day. Evan also adds a healthy dose of interviews with experts and personalities from the world of agriculture. Ideal airtimes and fresh content make *the Evan Slack Network* the **Best in the West!**
